

Stolen from  
Wigham. Hill

Madam,

Altho I hope you have  
long in this received my acknow-  
ledgments through Mr Welsh  
for your kindness in sending  
me your "Ten years of expe-  
-rience." Yet I wish to avail  
myself of the present favorable  
opportunity of thanking you  
myself for your kind  
thought of me - The cause  
which you so feelingly, so  
powerfully advocate is one  
in the success of which, I  
have long felt a deep

interest, but until the arrival  
of Mrs. Holt in England was  
not aware that there existed  
any channel through which  
by the medium of the "Lany  
needle." I might have put  
my mind into that treasury  
of sympathy with and Lenno-  
-lent exertions for the oppressed  
negro which will I trust issue  
in very many years, in an  
recognition of his rights as  
"a man and a brother."  
Learning you Madame, and  
others fully enlisted in the  
same holy Christian cause

to use your able pen in his  
defence, I feel it is my humble  
part to ask for help pray  
for him and leave his cause  
with God —

With sentiments of much  
respect and with fervent  
wishes for a speedy fulfill-  
ment of every benevolent  
purpose of your heart,  
Believe me, Madam,  
yours in the cause of  
peace and humanity

Sarah Daga —  
I will afford pleasure to my sisters  
and myself to send a few articles  
annually to the bazaar as long as health
